

Wyandot On Wheels

September Special

Cholesterol Testing & Education

Finger-stick cholesterol test with results in minutes - \$20

No appointments needed – just walk in!

*A WMH medical provider will be aboard WOW to share your results
and discuss risk factors for heart disease*

September is National Cholesterol Education Month. Cholesterol is a waxy substance found naturally in our blood. Our bodies need cholesterol to build healthy cells, but too much cholesterol can collect and build up on the inside walls of our arteries. This build-up can increase our risk for heart disease.
