Phone Number \_\_\_\_\_

- WMH offers Community Health Screenings as a special outreach project.
- My signature below gives my consent to voluntarily participate in the Community Health Screenings offered to me.
- I understand that health screenings are not a substitute for a thorough examination and consultation with my physician.
- It will be my responsibility to give a copy to my physician.

## Blood Draws

- \$35** Automated CBC, full lipid profile, basic metabolic panel & AST/ALT  
blood test includes hemoglobin, white cell count, total cholesterol, HDL, LDL, triglycerides & ratio, glucose (blood sugar), electrolytes, kidney function and liver enzymes - for the most accurate results, please fast 12 hours prior to the test
- \$25** TSH & Free T4 (thyroid) - blood test for thyroid function - no fasting needed
- \$25** A1C (estimated average glucose) - Test for average blood glucose control for the past 2-3 months - no fasting needed
- \$20** PSA (prostate) - blood test for prostate-specific antigen - no fasting needed

**This voucher may be presented at our in-house lab or our convenient lab drive-thru**

### WMH Lab

Open Mon-Fri from 6:30 am-5 pm  
Open Sat from 7:30 am-12 pm  
Pre-registration suggested  
Phone 419-294-4991, ext 2291

### Lab Drive-Thru

Open Mon-Fri from 7 am-3:30 pm  
Enter via the Surgery Center driveway  
Pre-registration required  
Phone 419-294-4991, ext 2291

*No physician orders for additional testing will be accepted at the screenings, and no insurance plans will be billed*

**Participants will receive results via mail in 5-7 business days after the blood draw, or participants may call the Lab Office to pick up their results 24 hours after the blood draw. For more information, please contact the WMH Lab Office at 419-294-4991, ext 2278**

## Body Composition Scan

- \$75** Body Composition Scan - X-Ray for body fat and muscle mass analysis  
Same-day results available For more information about the Body Composition Scan, or to schedule, phone 419-294-3930

## CT Calcium Score - Needs signed provider order

- \$125** CT Calcium Score - A calcium score test is a quick and noninvasive test to determine how much calcium is in your coronary arteries. Calcium in your heart's arteries could suggest you have plaque buildup that could lead to a heart attack.
