WYANDOT MEMORIAL HOSPITAL FOUNDATION

Who We Are For The Community

Today, I am reaching out to you with an opportunity that goes beyond the ordinary - an opportunity to truly make a difference in our community.

Our mission at the Wyandot Memorial Hospital Foundation is not just about improving health and wellness. It's about creating a future where everyone in our community has access to the healthcare they need. It's about breaking down barriers, challenging the status quo, and sparking change that will last for generations to come.

By joining our Foundation Board of Directors, you won't just be serving on a board - you'll be joining a movement. You'll be part of a dedicated team that believes in the power of community, the importance of health, and the impact of collective action.

As a Foundation board member, you'll have the chance to help shape our strategic direction and vision, contribute to our programs, and ensure our financial stability. You'll also be asked to make a personal financial contribution of at least \$1,500 annually, either directly or through fundraising efforts. But more than that, you'll have the opportunity to give back to our community in a way that truly matters!

We want you to join us in our mission to improve health and wellness in our community. We believe that your unique skills, experiences, and passion would make a significant impact on our board and the community we serve.

This is more than just an invitation to join our board. It's a call to action! It's a chance to be part of something bigger than ourselves! If you're ready to take up this challenge and join us in our mission, I would be delighted to hear from you.

Thank you for considering this opportunity. So join me with this opportunity to make a larger impact in our community!
